

What's Happening Here?

Shorten Pedestrian Crossings

Reduce Conflicts

FLATBUSH AND ATLANTIC AVES Pedestrian Safety Improvements

Improve Traffic Flow

Simplify Turns

NYC DOT will implement pedestrian safety improvements at the intersection of Flatbush and Atlantic Aves:

- Build concrete ADA-accessible pedestrian islands on each leg of the intersection
- Remove dual right turns from Atlantic Ave onto Flatbush Ave
- Optimize signal timing to improve traffic flow while protecting pedestrians on westbound Atlantic Ave

Implementation starts in the fall
