## Downtown:

Located in the Borough of Queens, Jamaica is a vibrant neighborhood for living, working and enjoying a diversity of arts and culture.

## Neighborhood:

Jamaica is home to more than 150,000 residents and provides employment to 60,000+ workers each day. The neighborhood has four Business Improvement Districts representing more than 800 businesses and contains multiple health, cultural and educational institutions, all located downtown.

## Transportation Hub:

With over 450,000 people making their way through Downtown Jamaica each day, it is an exciting place in constant movement. The district is served by 50+ city and regional bus lines, 4 subway lines, and 10 Long Island Rail Road lines. It also sits at the gateway to the AirTrain to JFK International Airport, making it one of the most transit-rich neighborhoods in Queens.

## What are we doing?

NYCDOT is working toward a better future for Downtown Jamaica. We are evaluating existing vehicular and pedestrian conditions, lighting, traffic congestion and transit passenger waiting areas to address the issues people face each day.

## Have an idea? How can you help DOT?

Let us know what you would like to see to make Downtown Jamaica a more walkable, dynamic neighborhood. Visit one of our street ambassador tables throughout the downtown or go online to take a survey at:
